

Until You Were Gone

by Alison Reid

She never wanted to leave her husband.

She just couldn't survive being invisible anymore.

For twenty years, Paige had the marriage everyone envied. A devoted billionaire husband. A beautiful home. Two wonderful children. A life most people only dreamed of.

But behind the perfect façade, she was painfully alone.

As CEO of a global empire, Harrison spent every waking hour building a future for his family, convinced that providing everything they could ever need was the greatest expression of love.

He never realised the one thing his wife wanted couldn't be bought.

She wanted *him*.

After months of pleading to be seen, heard, and chosen, Paige makes the hardest decision of her life. In the middle of the night, she leaves behind her wedding rings, a heartbreaking note... and the only man she has ever loved.

Starting over at forty-five wasn't part of the plan.

Neither was discovering the confident, independent woman she'd forgotten she could be.

As Paige rebuilds her life in a new city, the attention of other men reminds her she's still desirable—but her heart has never stopped belonging to her husband.

Back home, Harrison is forced to confront the devastating truth that success cost him the person who mattered most. For the first time in his life, money can't solve the problem. If he wants his wife back, he'll have to become the man she needed all along.

But when the woman he loves finally stops waiting for him...
Will he realise what he lost before it's too late?

Tropes:

- 💍 Marriage in Crisis
- 💰 Billionaire Hero
- 💖 Redemption
- 🙏 Grovel
- 💕 He Never Stopped Loving Her
- 🛡️ Protective Hero
