A Wife for His Revenge – He married her for revenge. She married him for freedom. Billionaire Finn Blackwood doesn't believe in love—only control. When his half-sister is destroyed by Marcus Whitmore, Finn sets out to return the damage... by seducing and marrying the one person Marcus should want to protect. His sister. Rose Whitmore has spent years under her brother's control. Finn offers her an escape—and she takes it. A whirlwind trip to Vegas. A reckless decision. A marriage that feels real. But it isn't. Because for Finn, it was never about her. When Rose overhears the truth, she walks away—taking his heart with her. Six months later, they're forced back together on a private Greek island. This time, Finn wants more than revenge. He wants his wife back. But Rose isn't the same woman he betrayed... and this time, she might not choose him.

The Billionaire's Contract Bride – She never expected to marry Grayson Steele. Least of all for a business deal. When Teagan Hartwell's father comes to Grayson desperate for the capital needed to save the family company, he offers the one thing he knows Grayson can't refuse: Teagan. Grayson has loved her for years. Teagan doesn't know that. To her, the marriage is a transaction—one she agrees to only to protect her mother's legacy and keep her father from destroying everything her family has built. Grayson makes his terms clear from the beginning. This will be a real marriage. They will live together. There will be no separate lives, no convenient exits, and no pretending. Teagan expects a cold arrangement with a man who values control above everything else. Instead, she discovers a husband who is steady, fiercely loyal, and far more determined to make their marriage work than she ever anticipated. And somewhere between stolen kisses, quiet mornings, and a life neither of them planned, the lines between obligation and desire begin to disappear. For the first time, Teagan allows herself to believe she has found something worth trusting. Then one

devastating moment makes her question everything. She sees her husband with another woman. And she walks away. Because Teagan has spent her entire life watching her mother endure betrayal, and she swore she would never become the woman who stayed. Grayson knows the truth. It wasn't him. But by the time he finds Teagan, she's already gone—and the one woman he has loved for years believes he has betrayed her. Now Grayson has to convince the woman who has finally become his wife that the marriage that began as an arrangement was never just a deal to him. Because losing her once is more than he can bear. And getting her back may mean finally giving her the one thing he has always been afraid to surrender: His heart.

The Greek Tycoon Claims His Virgin Bride – *She was never meant to be his.* Amelia Grant has spent her life feeling unwanted—an orphan passed from foster home to foster home, determined to build a life defined by kindness instead of the pain she grew up with. When she travels to London for an international education conference, the last thing she expects is one unforgettable night with a dark, commanding stranger who makes her feel desired for the very first time. Then he disappears. Theo Andrakis is a billionaire hotel magnate raised to value power, legacy, and control above all else. Love has no place in his carefully ordered world. But the night he spends with the innocent Australian teacher haunts him long after she's gone. When fate throws them together again in Sydney, Theo makes a shocking discovery. Amelia is pregnant with his child... and engaged to another man. Theo Andrakis has never lost anything he truly wanted. And now that he's found the woman he can't forget—and the family he never knew he needed—he has no intention of letting her go. But Amelia has spent her whole life being overlooked and unwanted.
