Brooding Heroes Romance Collection

*In **Dark & Dangerous**—Three brooding heroes. One thing in common: love that refuses to be tamed. Step into a world of passion, suspense, and emotional intensity with these unforgettable stories:*

The Billionaire's Regret – *He walked away from her once... now he'll do anything to get her back.* Five years ago, Michael Anderson made the biggest mistake of his life—he left the woman he loved without a word, convinced she had betrayed him. He never gave her the chance to explain. Now, he's a powerful billionaire with the world at his feet... and a past that refuses to stay buried. Because Melissa Shaw is back. Stronger. Untouchable. More breathtaking than ever. She's built a new life, a thriving career, and walls high enough to keep any man out—especially the one who shattered her heart. But when fate throws them together again, the truth begins to unravel. The betrayal he thought he witnessed wasn't what it seemed. The woman he walked away from was never unfaithful... only broken. And the more Michael learns, the more one thing becomes clear—he didn't just lose her. He destroyed her. Now, he'll stop at nothing to make her his again. But Melissa isn't the same girl he left behind. And this time... Loving her might be the hardest battle he's ever fought.

The Blood Debt – *Someone wants her dead. He thinks she deserves it.* Catherine Grant has spent her life building something good out of tragedy—running her late mother's charity with precision, control, and a heart she keeps carefully guarded. But control is an illusion. A near-fatal fall. Sabotaged brakes. A pattern she can't ignore. Someone is trying to kill her. Enter Alec Cole—ex-Special Forces, security expert, and a man carved from shadows and suspicion. He's hired to protect her. But Alec isn't just watching for threats.

He's watching her. Because Catherine Grant isn't just his client... she's the woman tied to his brother's death. Cold. Controlled. Unforgiving—Alec is determined to uncover the truth, no matter what it costs. Even if it means getting dangerously close to a woman he doesn't trust. A woman he shouldn't want. As danger closes in and secrets begin to unravel, the line between protector and enemy blurs—and the tension between them ignites into something neither of them can control. Because in a world built on lies, betrayal, and buried truths... trust might be the deadliest risk of all.

Wife in Name Only – *She married the man she loved... knowing he would never love her back.* Renee Fitzgerald has loved Hudson Waterford for years. When her dying grandfather arranges their marriage to protect the family empire, she agrees—hoping time might turn obligation into love. Hudson agrees for one reason only: power. To him, it's a business deal. To her, it's everything. Then Renee overhears the words that shatter her fragile hope—he regrets marrying her. Instead of begging for affection he never offered, she walks away. She leaves annulment papers. She disappears. And for the first time in his life, Hudson loses control. Because losing Renee makes him realise what he's thrown away. But when a suspicious fire and a near-fatal poisoning reveal that someone wants Renee gone permanently, regret isn't enough. Hudson must protect the woman he never meant to love—and prove that this time, his vows are real. Betrayal runs deep. Love runs deeper. And some wives are worth fighting for.
