

Forbidden Hearts

A Forbidden Love Romance Collection

*In **Forbidden Hearts**, three women, three men, and the undeniable attraction that challenges every rule they've ever lived by. From glamorous holiday parties to hidden affairs and family secrets, these standalone romances explore the tension between what the heart wants and what society—or circumstance—demands.*

New Year's Eve Kiss – *One night. One kiss. A love they can't escape.* Emily Sinclair has spent her entire life wondering if anyone could ever love her for herself—not her wealth, not her family name, just her. So, when she catches her boyfriend cheating on her in a luxury Sydney penthouse on New Year's Eve, she decides she's done playing the shy, careful heiress. Then she meets him. Marcus Winters is devastatingly handsome, dangerously confident, and the most intoxicating man Emily has ever encountered. One dance turns into a midnight kiss neither of them can forget—a kiss so explosive it leaves them both craving more. But by morning, Emily is gone. Months later, Marcus discovers the woman who has haunted his dreams is now engaged to his best friend. James Fraser wants to marry Emily. Marcus wants to forget her. And Emily has no idea the two men are hiding secrets that could destroy everything. Trapped together on a secluded tropical island during an exclusive luxury retreat, the attraction between Emily and Marcus reignites with devastating force. Every glance burns. Every touch tempts. Every stolen moment pushes loyalty, friendship, and desire toward betrayal. Because some kisses are impossible to forget... and some loves are impossible to resist.

The Billionaire's Secret Baby – *He wanted a family. She never meant to give him one... until it was too late.* Adrian Werrington has everything—power, wealth, and a name that commands the world's attention. But behind the flawless image is a man trapped in a hollow marriage built on lies... and a future stolen from him. Because the child he thought he'd lost... never existed.

Until her. Heidi Gibson is brilliant, composed, and completely off-limits—his CFO, his employee, and the one woman who sees through the armour he's spent years perfecting. She's also hiding a secret that could destroy everything. One reckless night changes everything. One unexpected consequence binds them together forever. Because this time... there is a baby. And when the truth comes out, Adrian will have to decide what matters more—control... or the woman carrying his child. But in a world of betrayal, power, and buried truths... love might be the only thing he never saw coming.

The Wrong Sister— *He was never meant to want her.* Cole Blackwell doesn't believe in love—only power, control, and carefully negotiated deals. So, when he agrees to marry the perfect, polished Elena Dutton, it's nothing more than strategy. Until everything goes wrong. A last-minute substitution. A dangerous arrangement. And the wrong sister standing at his side. Lauren Dutton is nothing like Elena—quiet, brilliant, and completely unimpressed by him. She agrees to pose as his fiancée for a high-stakes trip to Dubai... strictly business. No emotion. No complications. Except nothing about Lauren is simple. She challenges him. Sees through him. Refuses to want anything from him. And for the first time in his life... Cole Blackwell wants. What starts as a calculated deception quickly turns into something far more dangerous—because the more time he spends with the wrong sister... the more he realises she's the only woman he was ever meant to choose. But she was never his to begin with. And when the truth comes out, he may lose her—for good.
