

Forever Mine

A Longing-for-Love Romance Collection

*In **Forever Mine**, three men who never stopped loving—until fate gave them a chance to claim what they had always desired. But the women who have always held their hearts prove that some love cannot be ignored, no matter the years apart.*

Always You – She’s loved him for years... even when he chose someone else. Jasmine Whitaker has built a life that looks perfect from the outside—successful career, beautiful home, and just enough distance to keep her heart safe. Because loving Robert Steele was never an option. He’s her brother’s best friend. Off-limits. Untouchable. And now... engaged to another woman. But when cracks begin to show in Robert’s perfect relationship, the truth becomes impossible to ignore—because the connection between them has never been one-sided. Stolen glances. Lingering touches. A tension that refuses to stay buried. The more they fight it, the more undeniable it becomes. But crossing that line could cost them everything—family, loyalty, and the fragile trust holding their worlds together. And when betrayal shatters the illusion of Robert’s future... Jasmine is left with a choice: Walk away from the man she’s always loved... or risk everything for the one person she was never meant to have. Because some loves don’t fade. They wait.

Before I Fell – He thinks she’s everything he hates. She knows he’s everything she shouldn’t want. Marissa Turner has spent years perfecting the art of not caring. Flirt. Laugh. Walk away. It’s safer that way. Because love? Love is something she lost once—and she’s never risking her heart again. Especially not on a man like James Calder. Cold. Controlled. Brutally judgmental. He’s known her for years—and he’s never once seen the real her. To James, Marissa is reckless. Untouchable. Trouble. To Marissa, James is the man who shattered something inside her with

a single cruel accusation—and never truly made it right. Now, trapped together under the same roof for two weeks, the tension between them ignites into something far more dangerous than either of them expected. Because hate like this doesn't stay hate for long. Not when the looks linger. Not when the touches burn. Not when one kiss changes everything. But the past still stands between them—twisted by misunderstandings, pride, and wounds neither of them has healed. And when desire turns into something deeper... they'll have to decide if they're willing to risk everything—before they fall.

Before the Thaw— *She was waiting for the man she loved to show up. Instead... the man who never stopped loving her nearly died on her doorstep.* Jade Bell has spent three years giving her heart to the wrong man—holding on through distance, disappointment, and a grief she was forced to carry alone. A weekend away in a remote Lake District cabin is her last chance to fix what's already breaking. But Dean Clarke never comes. Instead, a storm rolls in. And with it... Duncan Armstrong. The man she once almost loved. The man she was told could never love her back. Half-frozen and barely conscious, Duncan collapses at her door after walking through a brutal snowstorm to reach her—risking everything just to make sure she isn't alone. And suddenly, nothing makes sense anymore. Not the past she thought she understood. Not the man who abandoned her. And not the one who came for her when it mattered most. Trapped together by the storm, old truths begin to unravel. Secrets surface. Walls break. Because the deeper Jade looks... the clearer it becomes: The wrong man let her go. The right one never did. And this time... she might be brave enough to choose him.
