

Lies & Hearts

A Lies, Secrets & Betrayal Romance Collection

*In **Lies & Hearts**, three women thought they knew the truth—until lies tore love apart and tested their hearts in ways they never expected.*

A Billionaire for Christmas – *She was left at the altar. He’s about to marry for money.* Neither of them expected to find love in a snowstorm. Eliza Preston boards a plane to Europe with a broken heart and a stolen honeymoon. After her fiancé abandons her on their wedding day, she refuses to fall apart—instead, she chooses herself. A solo trip to St. Moritz is supposed to be her fresh start. She never expected to collide with a stranger who changes everything. Christian Harrington has it all—wealth, power, and a billion-dollar inheritance within reach... if he marries the right woman. His engagement is a business deal, his future already decided. Until one impulsive moment on the slopes throws him into a snowstorm... and into Eliza’s world. Stranded together in a remote mountain cabin, the walls between them begin to crack. Secrets are kept. Truths are blurred. And the chemistry between them burns hotter than the fire keeping them alive. Because for the first time in his life, Christian doesn’t want the empire. He wants her. But when the storm clears, reality will come crashing back. A fiancée. A fortune. A choice that could cost everything. And a love that might be worth losing it all.

Echoes of Deception – *She loved him before she was old enough to understand what love meant... and he broke her heart trying to protect her.* Ashley Sintaro has always known exactly where her heart belongs—with the one man she was never supposed to want. Loyal. Steady. Untouchable. Beau Tramain watched her grow up, swore to protect her... and then walked away just as she finally

became his. Four years later, they're strangers pretending they don't remember everything. Until one moment changes it all. The chemistry is still there. The pull—stronger. And the truth neither of them can escape? They were never really over. But just as they find their way back to each other, everything falls apart. A single lie. A single photograph. A betrayal that isn't what it seems. Now Ashley is done believing in a love that couldn't even trust her. And Beau is left with the one mistake he can't fix—losing the only woman he's ever loved. Because this time... she might not come back. And if the truth comes too late, love won't be enough to save them.

Shattered Dreams – *She left him with a lie. He loved her with the truth.* Three years ago, Pippa Rockwell walked away from the only man she had ever loved—leaving behind nothing but a letter and a shattered promise. She told herself it was the only way to protect him. She never expected to see him again. Now she's back in New York, drawn home by a family emergency... and forced into the world she fled—the world of Flynn Oakland. Powerful. Controlled. Untouchable. And still devastatingly hers. Flynn hasn't forgiven. He hasn't forgotten. And he definitely hasn't moved on. To him, Pippa is the woman who destroyed everything. To her, Flynn is the man she never stopped loving. Thrown back together on the very estate where their love once burned bright, old wounds reopen and buried truths begin to surface. Because the past wasn't what it seemed... and the lie that tore them apart may be the only thing that can bring them back together. But some betrayals cut too deep. And some love stories... don't survive the truth.
