

Misjudged Hearts

A Love After Judgment Romance Collection

*In **Misjudged Hearts**, love is tested by first impressions, shattered trust, and devastating misunderstandings. Each story begins with a moment that breaks a woman's heart—an accusation, a lie, or a truth twisted beyond recognition—sending her away to rebuild her life without the man who failed to believe in her.*

Mistaken Hearts – *She's the wrong woman. He's the wrong man to cross. And one devastating mistake binds them together.* Ava Scott has spent her life holding everything together—her struggling flower shop, her dying mother, and the fragile pieces of a world that keeps threatening to fall apart. Then he walks into her life and tears it apart anyway. Ethan Hawthorn is ruthless, powerful, and used to getting answers. When his brother is left in a coma after being conned out of half a million dollars, Ethan will stop at nothing to find the woman responsible. All evidence points to Ava. She swears she's innocent. He doesn't believe her. Now she's trapped in his world—his penthouse, his rules, his relentless scrutiny—until he gets the truth. But the more time Ethan spends watching her... the less his certainty holds. Because Ava doesn't behave like a liar. She doesn't live like a thief. And the way she loves—with quiet strength and fierce devotion—doesn't fit the story he's been telling himself. Yet letting his guard down could cost him everything. And trusting the wrong woman once nearly destroyed his brother. Falling for her might destroy him.

Reflections of Deception – *She's the good twin. He's the man she was never meant to deceive.* Penelope Davidson has always done everything right—built a brilliant career, honoured her values, and refused to settle for anything less than respect. As one of Chicago's top cybersecurity programmers, landing a contract with Bennett Industries should be the opportunity of a lifetime. But her biggest threat isn't a cyberattack. It's her own sister. Penny Davidson has spent years living in Penelope's shadow—reckless, manipulative, and hiding secrets no one sees coming. And when she sets her

sights on something she wants... she takes it. Even if it destroys her sister in the process. Lucas Bennett is a powerful billionaire CEO with a past shaped by betrayal. The last thing he needs is another complication—especially not the quiet, brilliant woman now working inside his company. But from the moment he meets Penelope, something doesn't add up. Because the woman he can't stop thinking about... isn't the woman she appears to be. As attraction ignites and secrets begin to unravel, Penelope finds herself trapped in a web of lies she never created—but may have to pay for. Because in a world of deception... trust is the most dangerous risk of all.

Shadows of the Past – *She was the girl he loved. Now she's the woman he's determined to destroy.* In the shadows of the Colorado mountains, Amanda Monroe has spent her life trapped behind the gilded walls of a powerful name—and the cruelty that came with it. When her father dies, she expects freedom. Instead, she loses everything. Her home. Her inheritance. Her future. Forced to remain on her own estate as nothing more than a housekeeper, Amanda is determined to survive one final year before she can finally escape the ghosts that haunt her. But she never expected him to return. Nathan Collins was once a poor stable hand—the only man who ever made her feel safe... until the night everything fell apart. Now he's powerful, ruthless, and back to claim the life he believes she destroyed. And this time, he's not here for love. He's here for revenge. As Amanda is forced to serve the man who once held her heart—and the fiancée he parades to break her—old wounds reopen and dangerous truths begin to surface. Because the betrayal Nathan believes in... was never the whole story. And the deeper he digs into Amanda's past, the more he realises: The woman he's punishing... might be the one who needed saving all along.
