

Torn Between Hearts

A Love Triangle Romance Collection

***Torn Between Hearts** is a collection of emotionally charged romances where love isn't simple, choices are impossible, and walking away hurts just as much as staying. Three women. Two choices. One heart that can't choose without breaking.*

***Hearts on the Line**—She's loved him for years. One-night changes everything... and by morning, he doesn't remember.* Julia Davis has spent five years hiding her feelings for her brother's best friend—the one man she could never have. Daniel Moore is everything she's ever wanted: powerful, controlled, and completely off-limits. Until the night he finally gives in. One stolen moment. One unforgettable night. One mistake he wakes up believing never happened. But Julia remembers everything. And when Daniel looks at her like nothing has changed, something inside her breaks. Determined to protect her heart, she turns to the one man who offers her something Daniel never could—certainty. James Giles is charming, attentive, and ready to give her the future she deserves. He wants her. Chooses her. And he's not afraid to show it. But Daniel isn't as unaffected as he pretends. Because the more Julia pulls away, the more he starts to feel it—the jealousy, the regret... and the undeniable truth he's been running from all along. And when secrets surface—ones that will change everything—Julia is forced to choose: The man who forgot her... or the man who refuses to let her go.

***Kept Promises**—She gave her heart to the wrong man. Now the right one is watching... and waiting.* Stephanie Vale has the life she always thought she wanted—a high-powered career, a brilliant lawyer boyfriend, and the glittering skyline of Manhattan at her feet. But Ryan's subtle control and quiet manipulations have begun to wear her down. When billionaire boss Trey Grayson looks at her with a respect—and desire—she's never known, Stephanie begins to wonder if she's ready to walk away from everything she thought mattered. Just as she dares to imagine a

future with Trey, Ryan's life is struck by a devastating diagnosis—one that binds Stephanie to him in ways she never expected. Torn between loyalty and longing, guilt and desire, she must navigate the treacherous line between duty and the dangerous pull of a love that could change everything.

Shattered Hope, Stolen Kisses – *She was left for dead. He refused to let her be forgotten.* When Aurora Vincent is brutally attacked on a dark Sydney street, her life shatters in a single night. Broken, traumatised, and fighting to piece together what happened, she wakes in a hospital with more questions than answers—and a future she no longer recognises. The only thing she knows for certain? A stranger saved her. Dr. Anthony Hardwick didn't hesitate when he found her bleeding in an alley. He stepped in, scares off her attackers, and refused to walk away—even after she was safe. But Aurora isn't just another patient. She's the woman he can't stop thinking about. The one he can't seem to leave behind. As Aurora struggles to heal—physically and emotionally—Anthony becomes her anchor in a world that suddenly feels unsafe. But the closer they grow, the more complicated everything becomes. Because Anthony already has a life. A girlfriend. A past he hasn't fully let go of. And Aurora is terrified of becoming broken in ways that can't be healed. Yet somewhere between stolen glances, quiet nights, and fragile touches, something undeniable begins to form. Something neither of them expected. Something neither of them can resist. But when the past resurfaces and the truth of that night refuses to stay buried, they'll be forced to confront the one question neither of them is ready to answer—can love be strong enough... to rebuild what was shattered?
